

# **ECE 453 Software Practicum Spring Semester 2005**

## **Lecture Location**

227 RIGGS 4:40-5:20 W

## **Instructor**

Walt Ligon, Associate Professor  
300D Riggs Hall

Office: 864-656-1224  
FAX: 864-656-5910  
email: walt@clemson.edu  
web: www.parl.clemson.edu/~walt

## **Course Objectives**

The purpose of this course is to provide a realistic software system design experience.

## **Prerequisites**

ECE 329

## **Textbook**

None.

## **Course Grading**

The grading will be based entirely on the course project. A passing grade will not be awarded without a working project

## **Projects**

There will be a single group project that will encompass the entire course grade.

## **Lecture Attendance Policy**

Lecture attendance is optional.

## **Incomplete Grade Policy**

The University and College policy for incomplete grades will apply. An incomplete will not be assigned unless approved in advance by the instructor - and then only for sufficient cause.

## **Honor Code Policy**

The College Honor Code will be apply to all work submitted for the course. All work submitted by a group must be created by that group or suitably referenced.
